

Mass Messaging Policy–DRAFT 11.6.22

In keeping with an ethos of accessibility and responsiveness, UC-AFT mass messaging (i.e., email campaigns) should be signed by named individuals and sent from a regularly-monitored email address to which members can reply with questions and follow-ups.

In cases where such openness is abused by a member who replies with repeated hostile and/or profane attacks that are deemed by the UC-AFT Executive Board to violate our Principles of Community, the member may be sent messaging from a no-reply email address. A list of such members shall be maintained by the Executive Director.
