

UC-AFT Policy on Leadership Development
January 16, 2021
DRAFT FOR CONSIDERATION

Leadership development is a key component of effective unionism. With the aim of promoting engaged and energetic leadership, supporting and encouraging emerging and established leaders, and providing continuing education and skill-building, UC-AFT will:

- Conduct an annual leadership development conference, organized by the Vice President for Organizing in consultation with the President and Executive Director;
- Pro-actively seek out, request, recommend, and facilitate leader trainings from CFT and external organizations
- Make grants of up to \$1000 available to leaders to offset the cost of external leadership trainings and opportunities that benefit UC-AFT. A committee of three chapter presidents and/or chairs including members of both Unit 17 and Unit 18 will develop the grant application form and evaluate the applications.
